

West Side School

Friday Notes

Friday, June 7, 2013

Principal's Corner

Congratulations to our jazz ensemble for receiving the highest rating of Superior at the Long Island Music Festival last Saturday. What an accomplishment! Also on Saturday, West Side families enjoyed the annual campout. Thank you to Mrs. Miller for planning such an extraordinary event. On Monday, our students visited four stations for Wellness Day: Sun Safety, led by Ms. Drexler; Anti-Smoking, led by Dr. Gallagher; Yoga, led by Ms. Singh; and Mental/Physical Fitness, led by Master Bart. Thank you to all station leaders, and thank you to Ms. Drexler for coordinating this event. This week marked the end of New York State testing as our fourth graders took the final science exam on Monday and participated in another field test on Wednesday. Thank you, boys and girls, for a job well done! On Wednesday, our fifth and sixth graders participated in cyberbullying awareness and prevention workshops. Our sixth graders also participated in sexual harassment awareness and prevention workshops. During the week, West Siders also visited the String Art Museum, which was set up in the Community Room. Sixth grade math students created string art which was a culmination of various units throughout the year, including geometry. The week ended with a performance by our sixth graders at morning assembly. They sang and performed "*iPan!*" in preparation for their field trip to Quetzacoatl. Today, third graders hosted International Day. Students dressed in traditional clothing representing the countries they researched. They also presented their board to parents. What an incredible job!

Painting the Community Room

During the week of June 10th we will be painting the Community Room. Anyone interested is invited to help after school each day from 3:30-4:30. All students who stay after must be accompanied by his or her parent. This is a wonderful opportunity for us to work together to improve our school!

CSH Educational Foundation

The CSH Educational Foundation (CSHEF) is proud to celebrate our first year's successes. Please see attached newsletter and visit our website (cshedfoundation.com) to view new information and exciting videos created by our students. Keep an eye out for a survey next week where we will be asking for your input.

Summer Opportunity

Middlebury Interactive Language Clubs offer six-week online language clubs designed specifically for early language learning—providing fun, interactive, and language-rich activities in a virtual group setting. Students attend weekly online club sessions, led by Middlebury Interactive Virtual Club Facilitators, where they explore the language and culture through games, songs, and activities while learning to express themselves using simple words and phrases. Lessons and activities focus on what students "can do" in the target language—building their confidence and providing opportunities for them to demonstrate their progress in a downloadable portfolio to print and share with family and friends. Enrollment in a Middlebury Interactive online course is included with club participation so students can continue their language learning adventure. For more information, please visit <http://middleburyinteractive.com/>

Seahawks Booster Club

The Seahawks Booster Club is pleased to announce that we are raising funds to build a walkway from the high school parking area to Seahawk Field. This will allow fans and athletes alike to walk comfortably and safely from the high school parking area to the lower turf field - eliminating the need to walk along the roadway or on the existing dirt path.

2

The new walkway will be approximately nine feet wide, with a center asphalt walking surface bordered by inlaid bricks. To assist us in funding this effort, we are offering the opportunity to the Seahawk community to engrave these bricks to commemorate their support of Cold Spring Harbor High School, its students, faculty and athletic programs.

This is a family and community effort. We want to include as many students, families, friends, neighbors and local businesses as possible. Please consider purchasing a brick in honor of a new graduate, a favorite teacher or alumni, a special event, or in your family name. Our first phase is expected to be installed over the summer, so the first bricks must be purchased by June 15th!

To purchase your personally engraved brick, please visit the Seahawks Booster Club website at www.cshathletics.com

Important WSS Dates

Community Room Painting Project: Week of June 10th after school

BOE Meeting: Tuesday, June 11th at 8:00 PM at District Office

6th Grade Trip to Camp Coleman: Thursday, June 13th

Shared Decision Making and Joint SIT Meeting: Thursday, June 13th at 3:45 at District Office

4th Grade Philadelphia Trip: Friday, June 14th

Noon Dismissal: Wednesday, June 19th

Noon Dismissal: Thursday, June 20th

Moving Up Day: Thursday, June 20th at the PAC at 10:00 AM

Last Day of School: Friday, June 21st – 10:30 AM Dismissal

TAKE A HIKE !

A TALK AND GUIDED HIKE ON THE NASSAU-SUFFOLK GREENBELT TRAIL

SATURDAY, JUNE 15, 2013

1:00 p.m. talk @ the Cold Spring Harbor Library
in the Large Meeting Room, followed by a
2 - mile Trail Hike at 2:00 p.m.

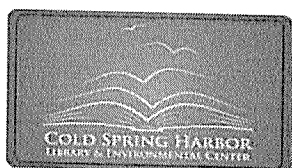

Registration Requested

Register: at the Cold Spring Harbor Library Information Services Desk, by phone at
(631) 692-6820, x200, or online at www.cshlibrary.org on the calendar tab.

Take a virtual tour of Long Island's hiking trails and discover the plants and animals you will see along the way! Learn about hiking gear and navigational tips that will keep you safe on long hikes.

After the presentation, join us for a 2-mile guided hike of the section of the Nassau-Suffolk Greenbelt Trail starting at the Cold Spring Harbor Library.

Wear sneakers or hiking shoes! Bring water and bug spray!
All ages welcome!

SEAHAWKS VOLLEYBALL

CAMP 2013

**SPONSORED BY THE
SEAHAWKS BOOSTER CLUB**

GIRLS GRADES 6-12

WHEN: JUNE 24-28

WHERE: COLD SPRING HARBOR HIGH SCHOOL

TIME: 3PM-6PM

COST: \$150.00

RUN BY VARSITY HEAD COACHES

EMILY WILDERMUTH AND MICHELLE GAUFMAN

Councilwoman Susan A. Berland invites you to be a "Fisherman" for a day!

IF YOU ARE A TOWN OF HUNTINGTON RESIDENT BETWEEN THE AGES OF 7 AND 13.

Have you ever wanted to cast a fishing pole into the water and pull out a "reel-y" big fish?

Well, now you can!

Send us your best-written essay telling us why YOU should be one of the lucky "catches" of the day!

In your essay, be sure to include:

1. Why you want to spend the day on the water.
2. Why you think it's important to protect the fish and their habitat.

30 winners will spend the afternoon of

August 14, 2013

on a fishing charter boat learning the "tricks of the trade" from the

Imperial Sportsmen Club

of Long Island!

Essays must be typed and should include name, age, address, and home telephone number.
Submission deadline is FRIDAY, JUNE 14TH, 2013.

Please address submissions to:

**Councilwoman Susan A. Berland
"Fisherman for a Day" Contest

Science Enhancement Opportunities

Summer Science Programs

NASA - SPACE EXPLORERS (NASA)

Learn about the four forces of flight, the challenges of space travel, and participate in a rocket launch in this hands-on space exploration camp. (Children entering grades 3-6)

FLIGHT ACADEMY (FA)

Explore the aerodynamics of birds, kites and rockets! Build flying machines as you explore Newton's laws of motion. (Children entering grades 1-4)

SCIENCE IN MOTION (SIM)

Learn the science of engineering as we discover what machines and nature have in common. Build structures, discover how animals move, and use simple machines as you run a crazy obstacle course. (Children entering grades 1-4)

JUNIOR SCIENTIST (JS)

Young campers will be introduced to a variety of scientific topics. From dinosaur digs to outer space, the science of colors and our senses, there is something for every child's interest! (Children entering Pre-k and Kindergarten)

LET'S GET GROWING (LGG)

Learn about seeds, sun and soil as we explore life in the garden. Discover how plants grow, the insects that live in the garden, and how weather affects plant life. (Children entering Pre-K and Kindergarten)

CRAZY CHEMWORKS (CCW)

Get your goggles ready to handle real lab equipment and experiment with chemical changes. Explore the microscopic world of molecules as we discover states of matter! (Children entering grades 2-6)

DETECTIVE ACADEMY (DA)

Step into the shoes of a detective as you explore the tools detectives use to uncover crimes! Learn about spy equipment and discover the technological tools of detection. (Children entering grades 2-6)

FORENSIC SCIENCE (FS)

Focus on the science of forensics in this hands-on look at crime scenes! Collect evidence, recreate a crime scene, and identify suspects as you learn the science of sleuthing. (Children entering grades 2-6)

JUNIOR ROBOTICS (JR)

This introduction to robotics explores basic circuitry, mechanical science, and robot building. Each camper works daily on a robot to bring home at the end of the week! (Children entering grades K-3)

ROBOT ENGINEERS (RE)

Discover the science of robots! Learn how different robots work and use their components to explore what is around them. Use your engineering skills to build a working robot to take home! (Children entering grades 3-6)

ROBOTS & REACTIONS (R&R)

Work with robots and create chemical reactions as we uncover the nuts and bolts of the universe. Each camper builds a working robot to take home! (Children entering grades 2-5)

ADVANCED ROBOTICS (AR)

Learn about how different robots operate. Put your robotic knowledge to the test! Use your skills to build your very own Robotic Arm to take home! (Children entering grades 3-6)

Refund and Cancellation Policy

Cancellations received more than 30 days prior to the start of the week for which you registered will be refunded the amount paid minus a \$50 administrative fee. Cancellations received between 30 and 15 days prior to the start of the week for which you registered will be issued a "Science Program Voucher" for the value of the week(s) being cancelled minus a \$50 administrative fee. The voucher can be used as payment for any future summer science program week being offered at the same location only. You will also have the option to switch sessions up to 15 days prior to the start of your original choice, on a space-available basis, at no additional charge. No refunds will be issued for any cancellation within 15 days of the start of the week chosen. No prorated credits will be issued for any reason. Only Mastercard, Visa or Discover credit cards are accepted methods of payment.

Most locations have air conditioned facilities

4 days (K-6 Programs)

\$180

5 days (K-6 Programs)

\$225

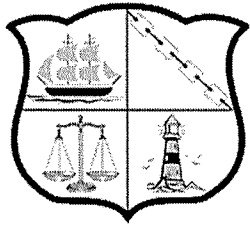

5 days (Pre-K Programs)

\$188

There is an additional material fee of \$15 for "R&R", \$35 for "AR", \$10 for "JR", and \$25 for "RE" per child which will be included when registering online

Daily take home projects for all themes

WEEKLY - Half Day Science Programs

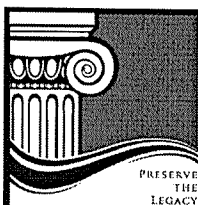

Cold Spring Harbor Schools

CSH Virtual Desktop Now Available for Students In Grades 2-12

Students in Lloyd Harbor, West Side and the Jr/Sr High - you can now access your school computer desktop, including your own school home folder (documents and files), from anywhere. All you need is an Internet connection, your own device (PC, Mac, iPad/iPhone or Droid) and a free app.

When you log into the CSH Virtual Desktop, you will be able to open and work with all your school documents...you will also have access to all the programs you use while at school. Started a paper at school and want to continue working on it at home? No problem! Just log into the CSH Virtual Desktop and open and save files as you normally would. You will be accessing the same document regardless of where you are...in school, at home, anywhere. No more thumb drives needed to bring files back and forth. You can even print on your own printer!

To get started just go to the district website (www.csh.k12.ny.us) and click **CSH Virtual Desktop** under **For Students**. You can find instructions there.

COLD SPRING HARBOR EDUCATIONAL FOUNDATION

CELEBRATING OUR FIRST YEAR SERVING CSH COMMUNITY

ENGAGE

IGNITE

COLLABORATE

Student Awareness Day

"WEAR RED FOR ED" was the rally call for our Student Awareness Day. Over 40 members of our Student board, organized activities and information for their peers and teachers, to help spread the word about the CSHEF. Their enthusiasm and knowledge resulted in 212 new likes for our Facebook page, increasing our total reach by 1886%!

This day was just one of the examples of student engagement we strive for, it showed students and teachers that they can have an active role in their futures by getting involved and working together!

In-House Research Lab

Through the generous contributions of community members and the CSHEF Board we were able to fund our first initiative, an In-House Research Science Laboratory in our High School. This \$15,274 project ties into our vision of providing increased access to programs, and tools that elevate the level of learning. The Research Lab does this by giving students the ability to perform high-level scientific research in school.

Our district's strong commitment to Science, Technology, Engineering, and Math (STEM) and this lab give our students the hands-on opportunity to research topics of personal interest to them. The new Lab is up and running with our students using all of their new research equipment today!

Building Connections

Community and CSHEF Advisory Board Member, Laurie Carey and her husband Michael owner of IT Systems, have partnered with Jr/Sr High School students. The Computer Science Club, led by Club member Michael Terracciano will work alongside the Carey's to develop a strategy and plan to expand and develop the CSHEF website.

This mentorship opportunity is just one of the ways the CSHEF strives to create real world learning experiences to help better prepare our students their futures in both college and careers.

HELP MAKE A DIFFERENCE:
