CULTURAL ARTS COMMITTEE (CAC)

- What better way to celebrate National Poetry Month than with the study of Shakespeare? Actress, Director, and Teaching Artist **Laurine Towler** will bring Shakespeare to life in her workshops for the 9th & 10th grade English classes who are reading 'Romeo & Juliet' and 'Macbeth' on April 15-16 and April 22-23. Ms. Towler will use a combination of lecture, demonstration, and participation to give students an understanding of Shakespeare's language and life during the Elizabethan period. Ms. Towler has acted on and off Broadway and has been a guest teaching artist at the Lincoln Center Institute, Symphony Space, and American Globe Theatre.
- Holocaust survivor, **Irving Roth** will be speaking to the 11th grade Social Studies classes on April 23rd. Roth, a survivor of both Auschwitz and Buchenwald will give students a firsthand account of his experiences as a 14 year old boy arriving in Auschwitz in May of 1944. Mr. Roth appeals to society not to let persecution of 'the other' happen again.
- The Cultural Arts Committee would like to thank you for your generous support of our 13th **Annual Literary Luncheon on March 13th**. It was a huge success with guest author, Saralee Rosenberg speaking at the Woodlands Country Club. We especially appreciate the tireless efforts of co-chairs **Terry Sajewski** and **LouAnn Linekin** who outdid themselves in making this a very special day. The proceeds of the luncheon help contribute to the many programs that enhance our children's learning and creativity.

Exhibition

Long Island's Best: Young Artists at The Heckscher Museum 2013
March 30, 2013 - April 21, 2013

LONG ISLAND'S
BEST
YOUNG ARTISTS
AT THE
HECKSCHER
MUSEUM
2013

Long Island's Best is a comprehensive arts-in-education program that integrates experiences in The Heckscher Museum and the high school art classroom, culminating with the presentation of students' original works juried by a museum professional. Over the past 17 years, this program has grown to become a prestigious opportunity; it is the only juried exhibition on Long Island that offers high school students the opportunity to show their artwork in an art museum.

The three-week student exhibition features work by art students in grades 9 through 12 from public and private schools throughout Nassau and Suffolk Counties. Museum educators work in partnership with art teachers from participating schools as students find inspiration in artwork on view during the school year. Students learn to make connections between artwork on view in the Museum and their own experiences. Each student then selects a work of art in one of the exhibitions to inspire an original work of art for submission.

This year, the Museum anticipates nearly 300 works of art to be submitted for jurying. Curator Lisa Chalif will select approximately 80 works of art in various media for display. The object label alongside each artwork includes an artist statement written by the student to explain the thought process and artistic journey from conception to completion.

Virtual Enterprises International . . . good for kids, good for business

Virtual Enterprises International (VEI) is an in-school entrepreneurship program and global business simulation that draws on the European tradition of apprenticeships, transforming students into business executives and classrooms into office settings. Open to all students in grades 10-12, VEI empowers and motivates participants to develop a range of academic, business, technology and professional skills that prepares them for success in post-secondary education, employment and the community. You can learn more about the Virtual Enterprises program at www.veinternational.org

Cold Spring Harbor High School has become a member of VEI and we plan to offer our first VE course in the 2013-14 school year. The VE course description is available on page 16 of the Program of Study 2013-14 available on the Counseling Center page of the High School website.

Business partners are an essential element of the VEI program because they connect students with adults and classrooms with the real world of business. Business and community partners provide guidance, resources, opportunities and advocacy for the partner school and for the VEI program at large while simultaneously advancing their own corporate citizenship agendas. Specifically, business partners may choose to:

- Provide advocacy within our school
- Offer advice and guidance to students on business issues during the implementation and development phase of the VE firm
- Make available samples of services, products, forms, policies, pricelists, catalogs, market research, etc. that students can use as models for their own enterprises
- Supply advice, guidance and in-kind contributions (display materials, sample products) to support the development of a firm's trade fair booth
- Provide mentoring and shadowing opportunities for students and teachers
- Arrange field trips to their companies
- Deliver student and/or teacher workshops
- Review VEI curricula to ensure that content is aligned with current business practices
- Serve as judges at our school's VEI competitions

We hope that active members of the business community will consider assisting our VE students as they embark on this new venture. No contribution of time or resources is too small. If you will consider participating as a Business Partner please complete the form on the other side of this page. Thank you.

Sincerely,
Jay Matuk
