Cold Spring Harbor Board of Education to host future bond presentation

The Cold Spring Harbor Board of Education invites all community residents to attend an important presentation about a future bond referendum.

The meeting will take place on Tuesday, Sept. 10 starting at 7:30 p.m. in the Francis Roberts Community Center, 75 Goose Hill Road. Immediately following the presentation, the community is invited to attend the Board of Education meeting, which will begin at 8 p.m.

The Board has been diligently analyzing and prioritizing the current and future needs of the school district, listening to community residents, including reviewing the findings of a community-based survey conducted in June 2019, and working with the bond committee and district administration.

During the presentation, the Board will present a proposed scope of work that addresses three areas: enhanced safety and security for students, staff and visitors; expanded curriculum opportunities for all students; and repairs and renovations, beyond the annual budgeted maintenance, to improve the school environment for students and to preserve the community's investment in the district's facilities. Following the presentations, residents will have an opportunity to ask questions and share their opinions.

The Board of Education encourages all residents to plan to attend this informative meeting on Tuesday, Sept. 10 and learn more about the future of the Cold Spring Harbor School District.
